

Conferences attended

Julien MALARTRE

November 24, 2025

Year 2025

- Masterclass *Semi-classical analysis of the Helmholtz equation in the high-frequency regime and numerical approximation* by Martin Averseng, Angers (France), from 16th to 18th December 2025.

<https://www.lebesgue.fr/fr/masterclassdec25>

- Conference *Emergent phenomena in many-body quantum systems*, CIRM, Marseille (France), from 8th to 12th December 2025.

<https://conferences.cirm-math.fr/3289.html>

- Workshop *Mathematical Physics and Pseudodifferential Operators* in honor of Jean Nourrigat, Reims (France), from 5th to 7th November 2025.

<https://indico.math.cnrs.fr/event/13798/overview>

- Workshop in honor of Didier Robert, Nantes (France), from 26th to 28th May 2025.
